INSTRUCTIONS

PURPOSE—The purpose of filing the "Declaration of Estimated Pemberville Income Tax" is to make it possible to pay the tax quarterly instead of having to pay all the tax at one time. For example, if your income is \$8,000.00 per year you pay \$20.00 in April, June, September and December instead of having to pay \$80.00 at the end of the year.

You pay 1/4 at the time the Estimate is filed and each quarter thereafter. Your estimate can be amended at any payment time that your income changes so as to increase or decrease your payments. Any difference between your estimated income and actual income can also be adjusted when your return is filed.

HOW TO MAKE OUT YOUR DECLARATION OF ESTIMATED PEMBERVILLE TAX

If the books are kept on a fiscal-year basis differing from the calendar year, show the number of months you are reporting and the date on which your fiscal year ends. Make any necessary corrections to your name and address as imprinted on the form.
